NEW, NEW TO YOU, OR TIME TO REFINANCE: SEE US FOR YOUR VEHICLE LOAN

Looking ahead to your 2021 summer road trips? You're ready. Your vehicle? Not so much. So if you're in the market for new wheels, see the credit union first for a pre-approved loan. With pre-approved financing from the credit union, you'll be in the best position to buy the vehicle that's right for you, not the one the dealer is trying to sell you. That's because any special dealer financing offers may be limited to certain vehicles, often the slower selling models. With a credit union loan, you have more choices, including buying from a private seller. If you do buy privately, be sure to review all of the service records, and have the vehicle checked over by a mechanic.

Even if you're not looking to trade, refinancing from another financial institution may be in your best interest. With rock-bottom rates, we may be able to significantly reduce your payment. So call on us to help get you on the road to savings.

Reminder: Your Free Credit Report Awaits

It's never been a more important time to check your credit report. The three nationwide credit reporting companies, Experian, Equifax, and Transunion, have set up a central website, a toll-free number, and a mailing address through which you can order your free annual reports. To review your report immediately go to annualcreditreport.com.

You can also call 1-877-322-8228 or fill out and mail the request form available on the Federal Trade Commission's Website, ftc.gov. Phone orders take up to 15 days, and mail orders 15 days from the time they are received. You can order all three agency reports at once, but to keep your finger on the pulse of your information, consider spacing out your requests over a year. For example, order Experian now, Equifax in summer and Transunion in late fall. For more details, visit ftc.gov and follow the link to "Get Your Free Credit Report."
